## Description

### Frame

Manufactured with a 2 mm thick 6063-20 aluminum alloy profile.

### Screws

Manufactured in AISI 304 stainless steel that offers great resistance to corrosion in marine environments.

### Paint

Powder paint based on polyester resins that offers great resistance to light and outdoor environments in accordance with QUALICOAT international specifications and ISO-2409 and ISO-2360 regulations.

### Accessories

Caps, studs and regulators made of polypropylene resin resistant to UV rays.

### Pillows

Made with acrylic fabric and inner foam specially designed for outdoor use.

### Acrylic fabric

Fabric designed for outdoor use made with 100% mass-dyed acrylic fiber that prevents heat and moisture condensation.

Antimicrobial protection that protects against bad odors, moisture, mold and stains.

Water and oil repellent treatment.

Resistant to UV rays, with a light resistance index of 7 out of 8.

Protection against UV rays of factor UPH 50+.

### Polyester fabric

Light and breathable 100% polyester fabric that repels stains.

It offers great resistance to high temperatures and breakage.

#### Maintenance plan

---

##### Weekly

Visual check of the general condition, removing dirt and ensuring there are no broken parts or damage that could be a danger to users.

##### Monthly

Check that the aluminum structure has no damage or deep scratches.  
Check the structural strength and stability.  
Check the condition of the caps and studs.

##### Annual

Repair any damage to the paint.  
Replace any worn or damaged parts.

##### Wintering and storage

Clean with soapy water and a soft cloth.  
Remove damp stains, sand and seawater.  
Store horizontally in a dry place.

##### Observations

- Always use Balliu spare parts.
- Balliu does not manufacture parts for other brands.
- If the product is subject to heavy use, maintenance checks must be carried out more frequently.
- Do not use the product until maintenance is completed.
- Do not use aggressive chemicals to clean the product.
- Always use products with a neutral pH.
- Use a soft cloth to clean the product.
