---

#### Maintenance plan

---

##### Weekly

Visual check of the general condition, removing dirt and ensuring there are no broken parts or damage that could be a danger to users.

##### Monthly

Check that the aluminum structure has no damage or deep scratches.

Check the structural strength and stability.

Check the condition of the caps and studs.

##### Annual

Repair any damage to the paint.

Replace any worn or damaged parts.

##### Wintering and storage

Clean with soapy water and a soft cloth.

Remove damp stains, sand and seawater.

Store vertically in a dry place in stacks of 10 units.

##### Observations

- Always use Balliu spare parts.
- Balliu does not manufacture parts for other brands.
- If the product is subject to heavy use, maintenance checks must be carried out more frequently.
- Do not use the product until maintenance is completed.
- Do not use aggressive chemicals to clean the product.
- Always use products with a neutral pH.
- Use a soft cloth to clean the product.
