Maintenance plan

Monthly

Visual check of the general condition, removing dirt and ensuring there are no broken parts or damage that could be a danger to users.

Wintering and storage

Clean with soapy water and a soft cloth.
Remove damp stains, sand and seawater.
Store vertically in a dry place.

Observations

- If the product is subject to heavy use, maintenance checks must be carried out more frequently.
- Do not use the product until maintenance is completed.
- Do not use aggressive chemicals to clean the product.
- Always use products with a neutral pH.
- Use a soft cloth to clean the product.
