

# BRISTOL mini sunlounger

## MAIN CHARACTERISTICS

- Foldable sunlounger manufactured of wood.
- Designed for professional use, hotels & resorts, collectivities markets and other facilities.
- Compact design and comfortable.
- 4 position adjustable.
- PEFC accreditation of wood from sustainable sources.
- Low weight for easy manipulation.
- Fabric easy to replace.
- Screws made of stainless steel.
- High resistance for outdoor use.
- 2 years warranty.

## MATERIALS

**Frame:** Made of Merpauh with teak oil treatment. Timber moldings of 47x22mm thickness.

**Screws:** Stainless steel AISI 304 that prevents the corrosion in marine environments.

## BALLIU FABRIC

Breathable fabric constructed with double weft and double warp, 1.25 mm thick and 870 g/m2 density.

Made of a continuous polyester thread core (30%) coated with PVC (70%).

Light resistance index 8.

Long-lasting anti-microbial protection, avoiding bad smells and stains caused by moisture.

Finished with a heat-setting process which prevents the fabric from tearing.

Made by means of thermal welding, to prevent it from tearing.

Fire retardant as per standard **EN-1021-2:2015**.

## QUALITY AND ENVIRONMENT

PEFC certificate. Wood from legal and sustainable forestry management, ensuring the quality and care of the environment.

## MEASURES

### Product

A	59 cm
B	105 cm
C	103 cm
D	31 cm
Peso:	6.1 kg

### Packaging

Type:	Box
Units:	2
Measures:	134.5 x 62.7 x 12.5cm.
Weight:	13.3 Kg.
Volume:	0,10 m <sup>3</sup>

### Loading capacity

Trailer mega:	1260u.
20' Container:	450u.
40' Container:	912u.
40' HC Container:	1008u.

## MAINTENACE PLAN

**Weekly:** Visual check of the general condition of the sunlounger, removing dirt and ensuring there are no broken parts or damage that could be a danger to users.

**Monthly:** Check the condition of the fabric. Verify the screw conditions.

**Yearly:** Check the condition of the fabric and ensure it is correctly tensed. Apply teak oil on timber surface if necessary.

**Wintering and storage:** Clean with soapy water and a soft cloth. Remove damp stains, sand and seawater. Store horizontally in a dry place in stacks of 5 units.

- Always use Balliu spare parts.
- Balliu does not manufacture parts for other brands.
- If the sunlounger is subject to heavy use, maintenance checks must be carried out more frequently.
- Do not use the sunlounger until maintenance is completed.
- Consult the maintenance instructions.
- Do not use aggressive chemicals to clean the sunlounger. Always use products with a neutral pH.
- Use a soft cloth to clean the sunlounger.
